

Join our Evidencing Need webinar.

What is a webinar?

Webinars are interactive seminars run over the internet presented and supported by informative Funding Officers from the Big Lottery Fund. Training is interactive and provides an opportunity to learn in a place that suits you without the expense and time of travel. You will require access to a PC, tablet or laptop with internet connection and headphones (optional) in order to join a webinar.

Why should I attend this Webinar and what are the benefits?

We will provide you with insight into why we require you to evidence need, discuss the types of different sources of evidence and highlight areas of best practice around research; providing hints and tips on how to present your project to demonstrate the best impact and justify the need. We will also give you the opportunity to ask questions during the webinar through an interactive chat panel so you are able to sit back relax in the comfort of your surroundings and join the e-learning.

Who is this webinar for?

This webinar has been designed for organisations considering applying for large funding (over £10,000) through our Reaching Communities programme. If you are considering applying for smaller funding amounts then attending one of our Awards for All webinars would be more appropriate. You can request more information about our Awards for All webinars by e-mailing us at webinars@biglotteryfund.org.uk.

How long do they last?

The webinars last approx 30 minutes including time for questions and answers. It is best to join 5-10 minutes before the session is due to take place.

How do I register and what are the next steps?

- It's really easy to sign up for a webinar and takes minutes.
- You can either email our team at webinars@biglotteryfund.org.uk or call us between 9am -5pm Monday to Friday on 0345 410 20 30.
- Once you have signed up, you will receive an email asking you to register your interest. Once you have registered, you will receive another email allowing you to join the webinar at the set time and a handy guide to getting set up correctly.
- While you are waiting for the presentation to begin, a slide will be available which will give you a brief guide to navigating around the webinar and a key to the symbols.

When can I sign up?

It is best to sign up straight away if you are interested in joining the webinar to secure your place, however you can sign up anytime up to and including the actual day.
